Specification

Style No. WF2-P

Description:

WORKFORCE Waterproof WF2-P SBP/SRC

The Workforce waterproof range of safety boots are constructed with a HyDry® breathable & waterproof membranes to keep your feet dry while allowing them the breath. The uppers are made from full grain leather & they are fitted with removable insoles & pylon foam midsoles for comfort. The WF2-P also has a semi Goodyear welted sole construction making it extremely durable in all environments.
